‘Go-for-No’ Campaign Launch
Hearing No

Invite you all to stop and have a think about your job, deep breath, what do you REALLY want? Make a list. And go and ASK for it. Don’t stop until you actually hear the word ‘No’.
Only one of two things are going to happen:

Did it hurt, did you die?.... and now you have two choices; accept no, or, just maybe... no isn’t ok
If you want to say no. Say No.
No is a full sentence. You don’t need to add full backstory, reasoning to your No. Own it.
Go for No
1. Make your list
2. Go and Ask for it
2. Tell us about it
Post your 'Go for No' on our FB page, twitter using hashtag #goforno, or email us and you will go in the Draw to win……
We Want You!!!

I always wondered why somebody didn't do something about that. Then I realized I am somebody.
